

Report of the auditor-general to the Eastern Cape Provincial Legislature and the council on the Joe Gqabi District Municipality

Report on the audit of the financial statements

Opinion

1. I have audited the financial statements of the Joe Gqabi District Municipality set out on pages..... which comprise statement of financial position as at 30 June 2019, the statement of financial performance, statement of changes in net assets, cash flow statement and statement of comparison of budget information with actual information for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Joe Gqabi District Municipality as at 30 June 2019, and its financial performance and cash flows for the year then ended in accordance with the South African Standards of General Accounting Practise (GRAP) and the requirements of the Municipal Financial Management Act, 2003 (Act No 56 of 2003) (MFMA) and the Division of Revenue Act of South Africa, 2018 (Act no 1 of 2018) (Dora).

Basis for opinion

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditor-general's responsibilities for the audit of the financial statements section of this auditor's report.
4. I am independent of the municipality in accordance with sections 290 and 291 of the International Ethics Standards Board for Accountants' *Code of ethics for professional accountants* and, parts 1 and 3 of the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA codes) as well as the ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA codes
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of matters

6. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Material losses

7. As disclosed in note 46 to the financial statements, material losses of 35% to the value of R62,8 million (raw) and R11,2 million (treated) was incurred as a result of water distribution losses.

Impairment – Receivables from Exchange Transactions

8. As disclosed in note 4 to the financial statements, allowance for doubtful debts of R267 million (2017-18: R186 million) was incurred as a result of significant impairment of debtors.

Responsibilities of Accounting Officer for the financial statements

9. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with GRAP and the requirements of the MFMA and DoRA, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
10. In preparing the financial statements, the accounting officer is responsible for assessing the Joe Gqabi District Municipality's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the municipality or to cease operations, or has no realistic alternative but to do so.

Auditor-general's responsibilities for the audit of the financial statements

11. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

Report on the audit of the annual performance report

Introduction and scope

13. In accordance with the Public Audit Act of South Africa, 2004 (Act no. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report material findings on the reported performance information against predetermined objectives for the selected development priority presented in the annual performance report. I performed procedures to identify findings but not to gather evidence to express assurance.
14. My procedures address the reported performance information, which must be based on the approved performance planning documents of the municipality. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures also did not extend to any disclosures or assertions relating to planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.

15. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the following selected development priorities presented in the annual performance report of the municipality for the year ended 30 June 2019:

Development priority	Pages in the annual performance report
KPA 1: Service Delivery and Infrastructure provision	x – x

16. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
17. I did not raise any material findings on the usefulness and reliability of the reported performance information for the development priority.

Other matter

18. I draw attention to the matter below.

Achievement of planned targets

19. Refer to the annual performance report on pages ... to ... for information on the achievement of planned targets for the year and explanations provided for the under/ over achievement of a significant] number of targets for the year.

Report on the audit of compliance with legislation

Introduction and scope

20. Included below are material findings on compliance with selected specific requirements of applicable legislation, as set out in the general notice issued in terms of the PAA.

Financial statements, performance and annual reports

21. The annual financial statements were not submitted to the Auditor-General, for auditing, within two months after the end of the financial year, as required by section 126(1)(a) of the MFMA.
22. The financial statements submitted for auditing were not prepared in all material respects in accordance with the requirements of section 122(1) of the MFMA. Material misstatements of non-current assets and current assets identified by the auditors in the submitted financial statement were subsequently corrected and the supporting records were provided subsequently, resulting in the financial statements receiving a unqualified audit opinion.

Other information

23. The accounting officer is responsible for the other information. The other information comprises the information included in the annual report. The other information does not include the financial statements, the auditor's report and those selected development priority presented in the annual performance report that have been specifically reported in this auditor's report.
24. My opinion on the financial statements and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.
25. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected development priorities presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
26. I did not receive the other information prior to the date of this auditor's report. When I do receive and read this information, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract the auditors report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

Internal control deficiencies

27. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it. The matters reported below are limited to the significant internal control deficiencies that resulted in the findings on compliance with legislation included in this report.
28. Leadership did not provide adequate oversight in ensuring that there are policies and procedures in place and monitor the implementation of such policies to enhance the control environment. Consequently the existing controls could not prevent, detect or correct material misstatements on the financial statements and instances of non compliance with laws and regulations.

29. The management did not perform monthly processing and reconciliation of transactions to ensure that accounting records are accurate, complete and supported by adequate supporting documentation, this is evidence by material misstatements identified in the financial statements submitted for audit.

AUDITOR - G E N E R A L
S O U T H A F R I C A

Auditing to build public confidence

Annexure – Auditor-general's responsibility for the audit

1. As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the separate financial statements, and the procedures performed on reported performance information for selected development priorities and on the municipality's compliance with respect to the selected subject matters.

Financial statements

2. In addition to my responsibility for the audit of the separate financial statements as described in this auditor's report, I also:
 - identify and assess the risks of material misstatement of the separate financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
 - obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control
 - evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the accounting officer.
 - conclude on the appropriateness of the accounting officer's use of the going concern basis of accounting in the preparation of the separate financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the municipality and its entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify the opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause the municipality to cease continuing as a going concern
 - evaluate the overall presentation, structure and content of the separate financial statements, including the disclosures, and whether the separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation
 - obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group to express an opinion on the financial statements. I am responsible for the direction, supervision and performance of the group audit. I remain solely responsible for my audit opinion

Communication with those charged with governance

3. I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
4. I also confirm to the accounting officer that I have complied with relevant ethical requirements regarding independence, and communicate all relationships and other matters that may

reasonably be thought to have a bearing on my independence and, where applicable, related safeguards.
